EDUCATION

2021-2025	Beijing Normal University	Beijing, China
	BS in Psychology (Ranked #1 in China, 2024)	
	GPA: 3.73/4.0	

EXPERIENCE

2023-2024 **Research Assistant** IDG/McGovern Institute for Brain Research, Beijing

Establishment of a Dictionary for Assessing Interpersonal Relationships

- Conducted comprehensive literature reviews and compiled relevant questionnaires and statistical data, leading to the development of a dictionary of 159 interpersonal relationships using Exploratory Factor Analysis (EFA) and Confirmatory Factor Analysis (CFA).

2022-2024 **Independent Researcher** Beijing Normal University, Beijing

Longitudinal Mediation of Emotional Motivation

- Designed and developed an experimental program using Python, collecting three-day repeated measures data from 36 participants. Analyzed data using Multilevel Regression, Longitudinal Mediation, and ANOVA with R and Mplus, culminating in a paper under review.

2021-2025 **Team Leader** Beijing Normal University, Beijing

Commercialization of an Online Psychology Experiment Platform

- Led a team of 4 members from diverse professional backgrounds to conduct market research and promotional activities for the lab's online psychology platform. Secured 100,000 RMB in funding from Beijing Normal University for the project.

2021-2022 **Research Assistant** IDG/McGovern Institute for Brain Research, Beijing

Light Stimulation and Negative Memory Project

- Applied light stimulation techniques to explore the mechanisms and impacts of negative memory. Collected and analyzed data using fNIRS technology, and authored a comprehensive research report.

SKILLS

Computational	Python, R, Matlab, Mplus, SPSS
Laboratory	fMRI (Data Analysis), ERP, fNIRS
Language	Mandarin Chinese - Native
	English - Fluent (IELTS 7.0)
